

13 OCTOBER 2016

METASTATIC BREAST CANCER & YOU

To increase awareness of advanced or metastatic breast cancer (MBC), the Marie Keating Foundation, Europa Donna Ireland & the Irish Cancer Society invite women and families affected by MBC to a free seminar in the Kingsley Hotel, Cork, on Thursday, 13th October 2016.

Learn about:

- How best to manage MBC
- Getting support for you & your family
- Using mindfulness to live well

The morning will include a panel discussion with women living with MBC; a presentation from Seamus O'Reilly, Consultant Medical Oncologist; an introduction to mindfulness from Deborah O' Neill; and the newly released 'Story Half Told' video which aims to dispel the myths of MBC.
